Scalable Computing

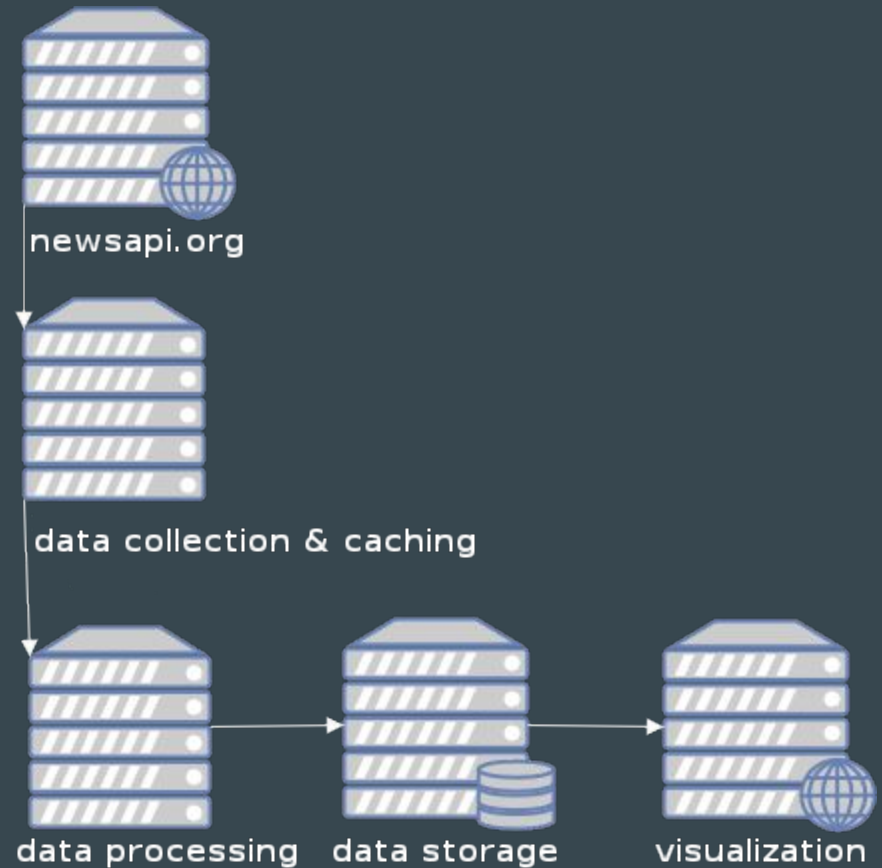

Remi Brandt (s2509644)

Timo Smit (s2337789)

Timon Back (s3218147)

Architecture

- Data gathering and parsing
- Data storage
- Data analysis
- Data visualization server

Technologies

Implementation

- Java
- Apriori
- HTML
- (optional) SigmaJS or Vis for graph visualization

Data storage

- Caching
- Mongo
- (optional) Graph database

Deployment

- Docker

Roadmap

- Build the architecture
- Create artificial data
- Visualize data (for humans)
- Topic classification
- (optional) Graph database
